## INTACT DEMO COMPANY INSTALLATION NOTES

Dear Potential Customer,

In order to install and use the demonstration company of the INTACT Business & Accounting software please follow the steps below:-

1. Create a folder in your computer to place the files you are going to download.
2. Click on INTACT Demo Software (Full Running Software) and download it in the previously created folder. The file name is: setup.zip.
3. Click on Latest INTACT update and download it the previously created folder. The file name is: intact\_update.zip
4. Click on INTACT Demo Company and download it the root folder of your computer (usually C:\). The file name is: IBACK2.zip
5. Login the folder you created. You should have two files in that folder:-
  - a. setup.zip
  - b. iuntact\_update.zip
6. Double-click on setup.zip to extract it in a temporary directory and double-click on the extracted file and follow the instruction to install the INTACT system. The default directory is C:\INTACT
7. Double click on the intact\_update.exe to install the update of the INTACT system. The default directory is C:\INTACT
8. Goto C:\INTACT and find intact.zip to extract it in a temporary directory and double-click on the extracted file to run it. Create a shortcut of it on your desktop so that you can have an easy access to the INTACT system. Double click on the intact.exe or its shortcut on your desktop and the INTACT system will run.
9. Click once on the empty Company Name space of company #1 and then click Restore-F8
10. Type YES and click Proceed
11. Choose IBACK2.ZIP from your root folder (usually C:\) and click Restore. Answer all the questions required to restore the demo company.
12. The DEMO COMPANY LIMITED company name will appear on the INTACT company selection screen.
13. Click on the DEMO COMPANY LIMITED to select it and click Select-[CR]
14. The system might ask you to update the company's data files. Click Yes.
15. When prompted for the User Id and Password use the following:
  - a. User Id: manager
  - b. Password: lkiu7
16. Click Login to access the system.

You can now use the demo company in the INTACT system.

**IMPORTANT:** Please note that the INTACT system is a very powerful business & accounting solution, which requires training in order to fully understand its capabilities and functionality.

For any questions on how to install or for the functionality of the system please contact us at: [support@dioratiki.com](mailto:support@dioratiki.com)

Sincerely,  
The Support Team  
Dioratiki IT Solutions Ltd
